# PROJECTS

**Web Page of Tour and Travel Management System**

- Centralized repository for travel agency and customer information accessible via the web, automating processes and activities.
- Automates travel agency activities such as booking, itinerary planning, and customer management for streamlined operations.
- The comprehensive solution is that it facilitates all operations related to traveling and sightseeing, serving both travel agencies and customers.

**Joker Movie Landing Page**

- A stylish website introducing the "Joker" movie with cool graphics and easy-to-fi nd details, created using HTML and CSS.
- Incorporates visually appealing elements and layouts to enhance the presentation of the movie.
- Designed for user convenience, key information about the fi lm is readily accessible and visually engaging.

**Starbucks Landing Page**

- A Starbucks webpage created using HTML and CSS showcases their products and deals in a user-friendly format, like a virtual store window.
- Responsive design elements ensure optimal viewing across various devices, enhancing accessibility for users browsing the webpage.
- Engaging visuals and interactive features enhance the browsing experience, encouraging visitors to explore and potentially make purchases.

**Online Shopping System**
- A Starbucks webpage created using HTML and CSS showcases their products and deals in a user-friendly format, like a virtual store window.
- Responsive design elements ensure optimal viewing across various devices, enhancing accessibility for users browsing the webpage.
- Engaging visuals and interactive features enhance the browsing experience, encouraging visitors to explore and potentially make purchases.

**Quiz Website**
- A quiz website is an online platform offering users diverse quizzes on various topics, enabling them to test their knowledge and skills.
- Users engage with quizzes for entertainment, education, and the opportunity to challenge themselves.
- These platforms serve as interactive tools for learning and leisure, catering to a wide audience seeking engaging content.

## ACHIEVEMENTS

- Participated in Avishkar 2023- collegiate-level Research Project Competition in association with Savitribai Phule Pune University.
- Participated in Yukti-Techtonic Project Competition held at Smt. Kashibai Navale College of Engineering, Vadgaon, and secured runner-up position with a cash prize of Rs. 1000/-.
